

tier™

Fabulous, functional, forever.

Low-maintenance,
high living

TIER™ luxury rigid core flooring.

www.tierflooring.co.za

Love your floors.

Love how you live with flooring that takes the hassle out of floor ownership. TIER™ indoor flooring offers you all the benefits of wood flooring without the drawbacks. Aesthetics that mimic wood - with durability, scuff resistance and eco-friendly features that far outperform that of other indoor flooring products.

TIER™ makes your life and you home- simpler, greener and more beautiful.

APPLICATIONS

BENEFITS

Engineering meets style.

PROFILE COMPONENTS OF TIER™

TIER™ flooring offers a cutting edge embossed wear layer to give your floor a natural and tactile feeling. Anti-slip and anti-UV protection provide the ultimate in longevity, safety and style.

LUXURY RIGID CORE FLOORING

With CarbideCore™ technology.

WEAR LAYER
UV, scratch and slip resistant.

PRINT LAYER
Photorealistic print technology.

CARBIDECORE™ 
Manufactured with solar energy.

SOFT INSULATING FOAM
Reduces noise and allows for a softer under foot feeling.

EASY INSTALLATION

Installing TIER™ flooring is made quick and easy with a rigid tongue and groove click groove that creates a watertight, seamless finish. For details, visit the website www.tierflooring.co.za and download the care and installation guides.

Flooring to love and live on.

PROFILE AND WARRANTY

The new size of the board profile allows for a higher quantity of joins per square meter offering more resistance to expansion and contractions during extreme climate changes without affecting the film or wear layer. This leads to a more dimensionally-stable floor that will last for decades. Installation is also faster and easier. We have chosen a rigid durable profile for added strength and longevity.

5.50 mm

181.0 mm

The lifespan of your TIER™ flooring product starts on the date of purchase and continues until the expiry of a certain length of time as per the table below:

Specifications		
Core thickness (mm)	Dimensions (mm)	Boards per box

COLOURS AND STYLES

TIER™ flooring is designed to be beautiful and livable. Choose the style and colour that best suits your home and make your floors your favorite feature.

Love your home.

Choose quality alternatives to timber that improve your lifestyle and the environment.

TIER™ is setting the benchmark for eco flooring and green manufacturing processes. TIER™ high performance products are created using solar energy and are an ultra-low maintenance, water resistant alternative to timber. With TIER™ indoor flooring you make a positive impact on your home and the Earth.

Made with solar energy

TIER™ flooring is manufactured using solar power and greatly decreases our overall carbon emissions. This benefit to the environment offers real peace of mind for our customers.

High fire resistance rating

TIER™ flooring has the highest fire resistance rating possible in its class, making it a safer and more reliable product for your home. Comprehensive fire reaction data is available for your fire engineer upon request.
